About Industrial Physics

Industrial Physics is one of the world's leading manufacturer of test, measurement and inspection equipment focused on the food and beverage, metal cans, flexible packaging, paper and plastics, paint and coatings, medical device, materials testing and consumer electronics markets. With sales

presence in more than 75 countries, our brands are helping customers meet the ever-increasing test and quality standards required by demanding regulators, consumers and manufacturers. Our best-in-class products help companies the world over protect their brand integrity.

DualPerm Permeation Station

OTR and WVTR combined station offering substantial cost savings compared to the purchase of two separate permeation analyzers. This package allows the sharing of one computer/tablet interface and results, saving time and space on the work bench.

Applications

- Permeation rate determination
